

Live Free Recovery

Adolescent IOP

Substance Abuse Program With
Peer Recovery Support

PEER LEADERS/MENTORING

IOP Consists of three weekly meetings, three hours in length and serves teens ages 12-17. Persons who are age 18 and still in High School will be considered on a case by case basis for appropriateness for the existing group. Groups will be conducted by licensed Clinicians with Youth Peer Leaders present in all groups. All completers have the option to participate in our Youth/Teen Mentoring Program.

Live Free Recovery Consultants is the only Adolescent Treatment Program in New Hampshire to utilize same age Peer Leaders who are in recovery directly into the group. This means members will work directly with young men and women their own age who have been through the treatment process and are living a healthy, substance free lifestyle.

Covid-19 measures

- Groups capped at 10 including staff
- All present required to wear masks
- Outdoor option available (weather permitting)
- Telehealth and video option available
- Daily screening questionnaire will be conducted
